

STOPS CROOKED VOTING

Italian Civil Engineer Invents the "Psephograph" to Foil Ballot Box Stuffers.

Rome.—European ballot box stuffers, who are as expert as any of Boss Tweed's henchmen ever were in the palmiest days of corruption in New York politics, soon will find their occupation gone. An Italian civil engineer, Signor Gogliano, has invented a voting machine which, it is claimed, is absolutely ungetatable and incorruptible. He calls this invention the psephograph. So complete and satis-

factory has this machine proved that it had been adopted by both the Italian and the French governments. The psephograph is a little over a yard in height and is provided with as many openings as there are candidates in the field. The voter presents his card to an official who has charge of the voting booth and receives a small metal chip about the size of an American dime. He is then given permission to enter the booth and steps behind two screens which render him invisible to both the public and the overseers alike. There he finds the voting machine facing him. After carefully scanning the different slots, above which is a space containing the names of the candidates, he selects the one he wishes to vote for and drops his chip in the slot corresponding to it. The fall of the chip causes an interior lever to rise, this movement making the number of persons voting appear on a "little tablet on the outside, which is always visible, and in the interior registering the vote for the chosen candidate. When the voting is over the officer in charge lifts aside the metal covering on which is registered the number of persons voting and the number of votes obtained by each candidate is revealed. By this system 87,000 votes were cast in two hours at a recent election at Turin.

GETS A GOLDEN CROWN

Miss Mabel Boardman Honored by Italy for Aiding Victims of the Earthquake.

Boston.—The Marquis de Montagliari, Italian charge d'affairs at Washington, has remitted to Miss Mabel Boardman of Manchester, Mass., and Washington, a golden crown, the gift of the Italian government in recognition of her services as a member of

the American Red Cross society to the victims of the recent Italian earthquake. The crown, a reproduction of the ancient Roman civic crown, is composed of oak leaves and acorns, made of solid gold. It is inclosed in a typical Roman box of leather, which is adorned by the royal coat-of-arms in gold. On the crown is engraved: "To Miss Mabel Boardman of the Red Cross, from the Italian Government, as a Token of Gratitude, 1908-1909." Miss Boardman, as the executive head of the Red Cross society, recently announced her intention to devote her life entirely to its interests. She is the sister-in-law of Senator Crane and was a member of the famous Taft Philippine party. While visiting Japan she saw the evidence of the work of the Red Cross in the Russo-Japanese war and was impressed with the boundless possibilities of the movement. She is an intimate friend of both President and Mrs. Taft. She Won't Waste the Rope. Give a woman plenty of rope and she will hang—her washing on it.

WORTH ADVERTISING FOR

There are 5,499 Negroes employed here in Washington by the Government alone, and these 5,499 Negroes draw salaries aggregating \$3,044,404. These more than three millions of dollars are spent right here in Washington, but scattered among the hundreds of tradesmen. Is this amount of money worth bidding for? It certainly is, and not even the largest stores in this city would refuse to get the big end of it did they but realize how much money the Negroes are really spending.

Now The Bee is the only Negro publication in this city. It stands without a rival or competitor, and covers the field like a few of the merchants in this city will patronize the advertising columns of The Bee, presenting the attractive bargains they may have, these Negroes — these 5,499 Negroes who draw annually from the Government over three millions of dollars — will assume that by patronizing a publication edited and operated by one of their race that such firms desire and deserve their patronage. And such firms will receive the bulk of these over three millions of dollars received and spent by the Negroes of Washington.

What clothing stores, what furniture stores, what dry goods stores and what other lines of business will now make an effort to divert to themselves these over three millions of dollars spent by Washington Negroes by advertising in The Bee?

Place your advertising in The Bee and watch these 5,499 appreciative Negroes spend their over three millions of dollars with you.

Now is the time to advertise in The Bee, the newspaper that goes into every Negro home in Washington. Remember, merchants of Washington, it's what advertising pays you, not what it costs.
